Useful advice for foreigners students (Conseils pratiques à destination des étudiants étrangers)

First day in Besançon special:

It is strongly recommended to bring in your luggage,.

Several copies of IDs and official documents certified as a true copy necessary to apply for the residence permit properly.

- Secondary school diplomas
- University diplomas
- Birth certificate, with the parents ID, names and birth place.
- Passport photos
- Valid passport and visa

And do not forget:

- Warm clothes because the winter season can be very cold in Franche comté
- your music instrument
- your favourite book(s) or CD(s)
- a recipe book from your home country
- some photos and posters....

If you are coming in Besançon for the first time:

After reaching the Viotte train station (Gare Viotte), go to the main exit.

Right in front of you, approx. 100 feet away, there is a bus stop where you can catch the bus 8, campus direction. Get off at the terminus.

Before trying to get into a bus, buy a ticket, preferably a one-day ticket if you arrived in the morning and keep it safe so you can travel around the city all day for a reasonable price. And do not forget to obliterate your ticket before sitting down. But if you are coming into town on the afternoon or late at night, just buy a single ticket valid for 1 hour.

Be careful: If you are going to travel on several lines all day long, insist to get the day ticket.

More (story):

“My first week in Besançon was very expensive for transportation.

I spent up to 10 euros a day because I was travelling a lot to find a cheaper accommodation. I had no idea, it was my first time in France and in Europe, and

everything was new to me. I was a bit careless but mostly I didn't want to ask for more information because I didn't want to bother anyone. That was my first mistake. Very fast, I realized I was spending way too much, so before buying a bus ticket, I started to ask the driver for the cheapest ticket according to my trip. For sure, I saw a huge difference.

My advice for any new students in Besançon, do not hesitate to ask for the best option before buying anything, and the most important, ask for student discounts of products as in Franche-comté many shops offer discounts to students."

Gilbert (Student in Economics)

Accommodation

- Where to start ?

However, you can be given a temporary accommodation option (less than 15 days) while you are looking for another accommodation.

It depends on the number of available rooms and the Crous requirements.

Make enquiries to the Crous as they have other options to find a place to live (in individuals houses for instance)

Make sure the accommodation you are considering is in an area connected to the GINKO bus network.

There are several students associations according to different home countries.

Ask the Crous how to contact them as they might help you for your research.

“With the Avantages jeunes card that costs only 7euros (6 euros are offered through a book voucher in libraries) so the card actually costs 1 euro (purchasing price) ;I was able to buy my first books with very big discounts. This way I saved money from my “books budget”.The Avantage jeunes card offer a large range of discounts in many fields (student life, cinemas, sport and leisure activities) all across the Franche-comté region. To avoid

Many of you have already booked a hotel room.

Warning !

Hotels are quite expensive so do your best to not stay too long. Try to avoid them insofar as possible. Do not eat at the hotel either, the restaurants are very pricy and you would waste a lot of money. You’d rather buy a sandwich at a grocery store or at many shops. Compare prices.

More (story)

*“My first day in Besançon, it twas raining, I decided to stay at the closer hotel I could find. I stayed there two weeks. When I checked-out, I paid my stay 850 euros, that is, all my savings. The following days were the hardest I had to go through in Besançon. (See the end on the STORIES rubric)
Don’tt do the same mistake.”*

Claude,(law student)
